

# VIRACON ARCHITECTURAL GLASS

who | where | how | what

## LEAD-TIMES

Posted: February 7, 2003

The stated lead-times are based on confirmed orders and may fluctuate based on demand.

Insulating Glass Units	5 - 6 weeks
Insulating Laminated Glass	7 - 8 weeks
Laminated Glass	6 - 7 weeks

Contact a Viracon Account Representative for lead-times on other products at 800-533-2080.

### Viracon's CAD Capabilities

If your order has shapes, holes, notches and/or custom silkscreen patterns, or any silkscreen pattern that requires orientation, Viracon encourages you to e-mail your CAD files to us or mail them on a floppy disc. This will help speed up the order process and improve order quality. Please note CAD drawings should be:

AutoCAD 2002 or compatible

Drawn to scale

Show glass sizes or depict glass edges

As viewed from exterior
